All animals giving evidence of such treatment will be barred from exhibition at the State Fair. If any animal is found by the official veterinarian to have been tampered with as previously described, it shall be disqualified from competition. All prize money that has been won at the current Oregon State Fair by the exhibitor on any animal or animals so disqualified will be forfeited. State Fair Livestock Gates Security & Ticketing Information:

Exhibitors remain responsible for complying with the OSF rules, policies, and regulations, as currently drafted. OSFEC has the right to amend them from time to time.

Again in 2025, there will continue to be two manned gates to enter through to the livestock areas of the state fair grounds. One is located at the east end of the horse show barn stalls for all foot traffic. There will also be a gate for vehicle entry and exit, and to allow horses only through. The gate will close at 9AM each morning to all vehicle traffic.

The other gate is the Grey Gate. This will be open for foot traffic, but will also close at 9AM for all vehicle traffic.

Security will be at both walk through gates at 6AM each day. There will be metal detectors like last year about both gates. This year the staff manning these gates will also have a ticket scanner to scan **pre-purchased** one day tickets to help ease the pain of having to go to blue gate to enter without an Ag/livestock bracelet. They **will NOT** be able to purchase tickets at either gate if they don't already have a **pre-purchased** ticket and will have to go to blue gate to do so.

You will be wanded by the staff manning the gates upon entering at either gate. Bags will also be searched at these locations so please allow extra time so that we can keep the state fair safe for everyone.

There will be no vehicle traffic on the west side of the Forester Livestock Pavilion after 9AM each day. Parking officials will help you transport anything needed west of the pavilion during the day.

No vehicles can be left on the grounds near all barns after 9AM and is subject to towing with no questions asked.

Poultry and Rabbits and their supplies will be shuttled over to the Poultry building each day as needed.
